But inside, the house was one mass of accumulated clutter from several generations. You wanted to throw open the windows, and get plenty of air and sunlight into the shadowy corners, and try the effect of nice clean ivory paint on the dark old woodwork. There were three three little gypsies, we were always so giad to be on the move again, and, I declare, I felt the same funny little thrill of excitement when I heard we were leaving the Fort Lee studios the end of January. the dark old woodwork.
